

## **Speaker Introduction**

Our speaker today was hired right out of high school as an on-air radio personality for KYLZ, New Mexico's #1 hip hop radio station.

Shortly thereafter he won an award as the #1 DJ in the United States, and launched his own entertainment company.

Disney Cruise Line hired him to train DJs from around the world, and Monster.com picked him up to speak to high school and college students throughout the country.

Matt launched a magazine that went on to become #1 in 6 countries, and last year he published a best-selling book called "Thirteen Reasons Why Not" — a guide teaching others how to prevent suicide.

Matt's passion is speaking, motivating and inspiring others... but he is most proud of his beautiful wife and amazing 3 kids.

Please join me in welcoming... Matt Mizell (My-zell).
